COOKING WITH KIT

All Proceeds Benefitting NWESC

About Kit Topaz

Kit Topaz is a professional baker and cook who specializes in gluten free, vegan, and other allergy sensitive cooking.

She has been feeding her family of four with original gluten free recipes for over 4 years!

Kit and her business partner, Hilary, started a gluten free/vegan baking business and have sold products at local farmers markets where they have been met with smashing reviews.

While the farmers market life was too taxing on her family schedule, Kit continues to cook, bake, and instruct in the community.

Kit is a credentialed teacher and enjoys sharing her love of good food and her enthusiasm for teaching with others.

This certificate is good for a 4-hour custom cooking course with all proceeds benefitting NWESC!

Kit is available to come and teach cooking and baking in your home! She will design a custom cooking or baking class according to your special needs!
